Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 01 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A dry evening but thundery showers affecting Cornwall early tomorrow.

This Evening and Tonight:
Staying dry and clear this evening. Overnight, cloud will build in the west with heavy, thundery showers affecting Cornwall during the early hours. Easternmost areas staying dry throughout. Minimum temperature 14 deg C (57 deg F).

Wednesday:
A cloudier day with heavy, possibly thundery showers continuing and spreading northeastwards. Becoming drier from the southwest through afternoon but temperatures slightly down on earlier in the week. Maximum temperature 24 deg C (75 deg F).

Outlook for Thursday to Saturday:
Slightly less warm throughout this period, with sunny spells but more cloud than recently. Largely dry throughout, but the odd isolated shower remains possible.
